FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

Analysis

This bill establishes a grant program to be administered by the Alaska Commission on Postsecondary Education (ACPE), which provides essential workers with tuition and fees to attend a state-supported postsecondary educational institution. The bill provides for various eligibility criteria for award of an initial grant and identifies eligibility criteria to receive a grant for another term. Total amount of grants may not exceed \$10,000.0 for the length of the program with prioritization for payment of grants if insufficient funds are appropriated. Additionally, the bill defines “essential worker” and establishes guidelines and a timeframe for a report on the new program to the Legislature. This act is repealed January 1, 2025.

As COVID-19 continues to affect businesses and Alaska’s economy negatively, this bill would support essential workers who are working currently or who were laid off temporarily or permanently during the federal public health emergency by offering grants for tuition and fees to attend state-supported educational institutions to improve their opportunity for employment.

Assumptions to implement the grant program outlined in this bill:

-Assumes grants would be funded through the Alaska Higher Education Investment Fund (DGF) and operating costs through Unrestricted General Funds (UGF).

-Personal services costs for FY2022 represent the cost for 1.5 FTE Financial Aid Operations Analyst/Financial Aid Specialist to oversee implementation and process awards and communicate with students and schools and Information Technology staff to support system setup and implementation. Total: \$187.5 UGF

-Personal services costs for FY2023 and FY2024 represent the costs of .6 FTE Financial Aid Operations Analyst/Financial Aid Specialist to administer the program. Total: \$63.2 UGF. Personal services costs for FY2025 reflect half that amount, \$31.6 UGF, with the program ending January 1, 2025.

-Personal services costs do not represent new positions, but reflect new duties to implement and administer the Essential Workers grant program. Since these new duties are not associated with the Alaska Student Loan Corporation (ASLC), they must be funded through a different fund source. The Governor's FY2022 budget includes \$187.5 ASLC Receipts for these positions to be funded from the Alaska Student Loan Corporation. This fiscal note reflects a change in funding source to support the new duties of these positions. For the fiscal years FY2023 through FY2025, the ASLC Receipts are added back to reflect the shift back to providing services for the Loan Corporation.
